

COMMUNITY-BASED

To properly function, community-based testing programs rely on the integrity and accuracy of the drug and alcohol testing process.

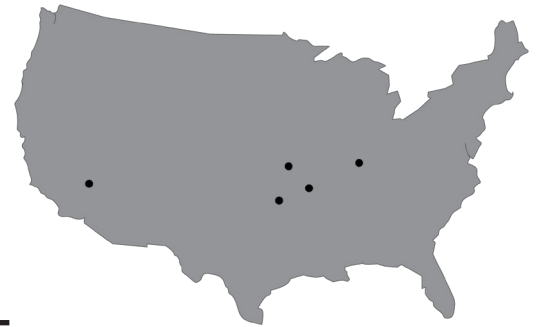

Tomo Drug Testing offers 25+ years of testing in a variety of venues, and delivers an experience customers consistently rave about. We work closely with our clients to provide tailored testing solutions that meet their individual needs.

SERVICES

Our work in community-based testing focuses on two critical capacities.

1. As a member of treatment court teams, we provide frequent and randomized testing to ensure program compliance. Tomo Drug Testing is proud to be a proven part of a cost-effective method that reduces recidivism and diverts offenders away from lengthy prison sentences.
2. We are deeply involved in the critical cases of children in state care. Tomo Drug Testing is pleased to be part of a solution that creates alcohol and drug free environments enabling a child's return to their family.

Serving **50+**
community-
based agencies

WHY CHOOSE TOMO

- Highly trained and certified technicians
- A cost effective and time efficient alternative to agencies doing their own collections
- Accurate, reliable and confidential testing programs
- Same-sex observers ensuring observed, valid specimens
- Implementation of strict quality guidelines
- Management of random scheduling processes
- Seamless communications with court and family agencies
- We create raving fans at every step of the process by treating all individuals with respect
